

Lectures Organized by AMI for Academic Year 1439/1440 h

No	Lecture Title	Date	Presenter
1	Finite element modelling study on small-hole peck drilling of metal matrix composites	03/10/2018	Dr. Usama Umer
2	Custom design cranial reconstruction by Additive Manufacturing	10/10/2018	Dr. Khaja Moiduddin
3	Computational Fluid Dynamics (CFD) Analysis using HyperWorks	17/10/2018	Eng. Sherif El Seufy
4	Study on additive manufacturing technologies for dimensional and geometric accuracy	24/10/2018	Eng. Syed Mien
5	Post processing in metal additive manufacturing	31/10/2018	Eng. Muneer Khan Mohammed
6	Haptics Assisted Virtual Assembly	07/11/2018	Eng. Mostafa Abidi
7	Micro Rotary Ultrasonic Machining of Bio-materials	14/11/2018	Eng Basem Motea
8	3D Printing for Medical Applications	21/11/2018	Eng Wadea Ameen
